

GOOD TECH HABITS

Update Software

Keep the technology that protects your computer up-to-date -- especially virus and malware scanning software

Help Stop Cyberbullying

Don't respond. Block or delete the bully. Report it. Stand up for your friend!

Be Polite

Posts and texts are permanent and can be traced back to you. Protect your reputation.

Use Caution When Clicking

Websites, links and attachments in emails can load malicious software on your machine.

Be responsible

Be respectful

Be prepared

Be safe
